TOOLS

WORK EXPERIENCE

VARIOUS DESIGN PROJECTS ISRAEL/ 2020 - 2021

Design research and 3D printing of models per clients request

- Designed and conceptualized the perfect project for each client.
- Visited job sites to get measurements for accuracy and precision.
- Created detailed CAD drawings, 3d models and product rendering.
- Designed models for architecture students for FDM printing

STUDENT JOBS FLORENCE ITALY / 2017 - 2020

Conducted an array of projects including furniture upholstery, wood-working, 3D home rendering and interior items manufacturing using the flowing methods

- cnc
- Welding
- Investment casting
- Injection molding
- Glass blowing
- Stem bending
- DLP printing for prototyping
- Laser cut and fabrication

EDUCATION

European Bachelor of Science in design

Accademia Italiana di arte/ Florence IT/ 2017 - 2020

MAIN COURSES -Product design , Model building,
Architect for interiors, Technology of materials,
Digital modeling, Urban design

KEY PROJECTS

3D printed adaptive shoe sole, Bioluminescent alga lamp

EARLY STUDIES

2013 combat medic course in the IDF

2012 Dror Israel a year of informal education

2011 finished high school Ort Hashomron
(biology 5 units, English 7 units)

Technical skills

- Sketching
- Material Selection
- Prototyping
- Manufacturing
- Typography
- Branding
- Assembly Protocol
- Graphic design
- Motion Graphics
- Art Direction
- Marketing

PRE-STUDY WORK

BARISTA

Benedict/ Tell Aviv / 2016- 2017

BAR TENDER

Koli Alma/ Tell Aviv / 2016- 2017

STRENGTHS

USER CENTERED DESIGN

STRATEGIC THINKING

SPEAKING AND PRESENTATION

VISUAL COMMUNICATION

ARMY SERVICE

NAHAL BRIGADE/ 2012 - 2016

- Combat medic
- Educational corp guide

SOCIAL SERVICES

Dror Israel/ 2006 - 2016

- Training and management positions and accompanying training teams
- Management of various projects such as community volunteer and enterprises at the municipal and district level
- Execution of multiple trips and seminars planing, budgeting and recruiting
